Cross Sectional Shape:

Rectangular

Inside Diameter:

44.500 millimeters

Casehardening Indicator:

Not casehardened

Major Thickness:

1.750 millimeters

Ring Style:

External

Usage Design:

External

Material Hardness Rating:

Between 47.0 rockwell c and 54.0 rockwell c

Material:

Steel, stainless

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
