Inside Diameter:

12.000 inches

Casehardening Indicator:

Not casehardened

Outside Diameter:

15.024 inches

Material:

Copper, qq-c-465, alloy 606

Material:

Copper alloy 606

Material Specification:

Qq-c-465, alloy 606 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
