Hole Diameter:

0.750 inches

Groove Width:

0.120 inches

Flange Thickness:

0.190 inches

Overall Height:

0.500 inches

End Application:

Ah-64

Grommet Style:

Round

Large Flange Outside Diameter:

1.725 inches

Groove Outside Diameter:

1.125 inches

Product Name:

Grommet, emi, bulkhead

Special Features:

Grommet to be slit on canted plane

Material:

Rubber fluorosilicone class fq pin

Material Specification:

Hms 17-1283 mfr ref single material response pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
