Hole Diameter:

1.250 inches

Groove Width:

0.094 inches

Flange Thickness:

0.375 inches

Overall Height:

0.375 inches

End Application:

Striker, xm707, 014553174; 3990-01-444-5196 cement mixer

Grommet Style:

Round

Large Flange Outside Diameter:

1.875 inches

Groove Outside Diameter:

1.500 inches

Grommet Construction Type:

Split

Special Features:

Used to install and seal round holes; offer vibration dampening and abrasion control; shore a durometer hardness is 50; temperature range is -35 degrees to +180 degrees f

Color:

Any acceptable

Material:

Rubber butadiene-styrene class sbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
