Shoulder Diameter:

0.300 inches

Flange Diameter:

0.560 inches

Overall Length:

0.500 inches

End Application:

Ch-53gs helicopter

Material Accommodated Thickness:

Between 0.561 inches and 0.566 inches

Hole Type:

Plain

Features Provided:

Potting hole

Insert Style:

Protruding flange

Hole Diameter:

Between 0.168 inches and 0.174 inches

Material:

Steel

Material Specification:

Fed66 federal standard single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, tyii, cl2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
