Head Diameter:

Between 0.990 inches and 1.010 inches

Head Height:

Between 0.050 inches and 0.070 inches

End Application:

6115-01-462-0291; 60 kw tqg generator family

Material Accommodated Thickness:

Between 0.650 inches and 1.250 inches

Fastener Style:

Push-in, flat head

Fastener Shank Length:

1.440 inches

Product Name:

Clip, panel

Fastener Material Hole Diameter:

Between 0.245 inches and 0.255 inches

Special Features:

Material is nylon 6; color is black

Material:

Plastic polyamide barrel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
