Flange Diameter:
Between 0.247 inches and 0.253 inches
Hole Type:
Threaded
Flange Thickness:
Between 0.195 inches and 0.205 inches
Body Diameter:
Between 0.185 inches and 0.188 inches
Insert Style:
Protruding flange
Material:
Steel comp 302 or steel comp 303
Material Specification:
Qq-s-763a, cl7, ty a federal specification single material response
Surface Treatment:
Passivate
Surface Treatment Specification:
Mil-f-14072 military specification single treatment response
Thread Size And Series/type Designator:
4-40 unc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A05400
Mil-std (military Standard):
Mil-f-14072 spec.
