End Application:

Filters; sub atmosphere control

Special Features:

Material specification is astm b348, gr 2

Material:

Titanium alloy, ams 4967

Material:

Titanium alloy uns r56400

Material Specification:

Ams 4967 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
