Diameter:

0.380 inches

Turnlock Stud Head Style:

Flat countersunk

Distance From Engaging Member To Largest Bearing Surface Of Head:

1.990 inches

Stud Diameter:

0.420 inches

Special Features:

High strength and vibration resistant, ultimate tensile strength: 1050 lbs., working strength: 700 lbs

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
