Casehardening Indicator:

Not casehardened

End Application:

Hardware; moored training ship

Special Features:

Material is gun metal

Material:

Copper alloy, qq-c-390, alloy 903

Material:

Copper alloy 903

Material Specification:

Qq-c-390, alloy 903 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
