**Inside Diameter:**

Between 1.092 inches and 1.105 inches

**Outside Diameter:**

1.188 inches

**End Application:**

F119-pw-100 engine on f-22

**Product Name:**

Ring-retaining, spiral

**Special Features:**

048-.052 thick

**Material:**

Iron alloy, ams 5525, comp 660

**Material:**

Iron alloy 660

**Material Specification:**

Ams 5525, comp 660 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T252-g
