Inside Diameter:

Between 1.092 inches and 1.105 inches

Outside Diameter:

1.188 inches

End Application:

F119-pw-100 engine on f-22

Product Name:

Ring-retaining, spiral

Special Features:

048-.052 thick

Material:

Iron alloy, ams 5525, comp 660

Material:

Iron alloy 660

Material Specification:

Ams 5525, comp 660 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T252-g
