Diameter:

0.490 inches

End Application:

Pylon, aircraft, suu-80a/a pylon, 74a730471-1001

Turnlock Stud Head Style:

Flat countersunk

Stud Assembly Style:

Stud assembly

Distance From Engaging Member To Largest Bearing Surface Of Head:

0.960 inches

Eyelet Outside Diameter:

0.334 inches

Criticality Code Justification:

Agav

Product Name:

Stud, turnlock fastener

Special Features:

(inavy) stud, turnlock fastener

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
