Thread Direction:

Right-hand

Thread Length:

0.3125 inches

Length:

0.3125 inches

End Application:

Aircraft, b-1 bomber (atb)

Insert Size:

0.190x32

Internal Thread Relief Depth:

0.3125 inches

Full Internal Thread Length:

Between 0.0625 inches and 0.1250 inches

Thready Qty Per Inch (tpi):

32

Thread Size:

0.190 inches

Special Features:

Repair kit 91731a009, internal threads

Material:

Stainless steel

Material Specification:

18-8 ss mfr ref 1st material response

Style Designator:

Keylock

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
