End Application:

F-22 raptor

Product Name:

Retainer

Special Features:

1.440 maximum diameter center aperture; 4 holes .203 maximum diameter

Material:

Aluminum alloy, qq-a-250/12, t6

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
