Body Thickness:

12.0 millimeters

Center To Center Distance:

70.0 millimeters

End Application:

Convertor

Eyelet Mounting Hole Diameter:

22.0 millimeters

Largest Outside Diameter:

130.0 millimeters

Product Name:

Washer

Special Features:

Item is item number 038 in assembly diagram in hagglands part catalogue

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
