Overall Length:

0.1300 inches

End Application:

Eurofighter 2000

Overall Diameter:

0.6525 inches

Special Features:

Dry film lubricant on internal diameter; part is ringlike with multiple axial scallops in interior diameter; self locking

Material:

Nickel alloy

Surface Treatment:

Lubricant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
