Overall Length:
0.1300 inches
End Application:
Eurofighter 2000
Overall Diameter:
0.6525 inches
Special Features:
Dry film lubricant on internal diameter; part is ringlike with multiple axial scallops in interior diameter; self locking
Material:
Nickel alloy
Surface Treatment:
Lubricant
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A03100
