Flange Diameter:

Between 0.485 inches and 0.495 inches

End Application:

V-22; panel installation

Flange Thickness:

Between 0.008 inches and 0.017 inches

Body Diameter:

Between 0.257 inches and 0.261 inches

Insert Style:

Flush flange

Product Name:

Grommet, protruding head (for use in ca3804027 nut plate assembly)

Special Features:

Length of the insert is .880 inches

Material:

Stainless steel

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
