Center To Center Distance Between Mounting Holes:

0.707 inches

Distance Between Mounting Hole Centers:

0.500 inches

End Application:

Structual assembly; suu-78a/a pylon, 74a736001-1007

Turnlock Receptacle Style:

Receptacle

Receptaclelength:

1.050 inches

Product Name:

(navy)receptacle, corner (drawing)receptacle-corner, floating, non-sealing(for use with quick operating, hight strength fastener)(northrop use only)(3m1318)

Material:

Stainless steel stud

Surface Treatment:

Passivate retainer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
