Diameter:

0.580 inches

Turnlock Stud Head Style:

Knurled

Stud Assembly Style:

Stud assembly

Stud Head Height:

0.550 inches

Product Name:

Stud assembly cylindrical knurled head

Special Features:

The item weights 3.55 lbs; design reference number is 26s34

Material:

Steel stud

Material Specification:

Qq-s-763 federal specification single material response pin

Surface Treatment:

Chromium stud

Surface Treatment Specification:

Qq-p-416, class 2, type 2 federal specification single treatment response pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
