Product Name:

Ny panel fastener

Special Features:

Fastener size: .313 in diameter; tension strength: 60 lbs; shear strength: 150 lbs; temperature range: -65 to 185 degree fahrenheit; weight
plunge (100) : .180 lbs

Material:

Plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
