Inside Diameter:

5.890 inches

Ring Style:

External

End Application:

ASSA-UL-TAM-PHIB

Usage Design:

External

Product Name:

Ring, retaining

Special Features:

Nha is p/n 5424126 and p/n 5433219; surface treatment according to astm b633 is to be 0.3 mils thick plating and after coating embrittlement relieve

Material:

Steel, ams 5520

Material:

Steel comp 632

Material Specification:

Ams 5520 assn standard single material response

Surface Treatment:

Zinc and chromate

Surface Treatment:

Zinc, astm b633, type 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T252-g
