Shoulder Diameter:

0.300 inches

Flange Diameter:

0.560 inches

Overall Length:

0.425 inches

End Application:

Joint stars target radar system

Hole Type:

Unthreaded-countersunk

Insert Style:

Protruding flange

Hole Diameter:

Between 0.195 inches and 0.201 inches

Product Name:

Insert, panel fastener

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
