Shoulder Diameter:

0.300 inches

Flange Diameter:

Between 0.550 inches and 0.560 inches

Overall Length:

0.781 inches

End Application:

1680-01-582-9998

Hole Type:

Plain

Body Diameter:

0.300 inches

Insert Style:

Protruding flange

Hole Diameter:

0.198 inches

Product Name:

Inavy-insert, panel fastener

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400

Mil-std (military Standard):

Mil-a-8625 spec.
