Cross Sectional Shape:

Rectangular

Inside Diameter:

7.4 millimeters

Major Thickness:

0.8 millimeters

End Style:

D shap below inside periphery

Ring Style:

External

End Application:

Nsn 1090-25-160-1292 armament subsystem, remotely operated

Product Name:

Black-phodphate steel external retaining ring

Material:

Steel

Material:

Steel

Surface Treatment:

Phosphate

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T252-g
