**Cross Sectional Shape:**

Rectangular

**Inside Diameter:**

7.4 millimeters

**Major Thickness:**

0.8 millimeters

**End Style:**

D shap below inside periphery

**Ring Style:**

External

**End Application:**

Nsn 1090-25-160-1292 armament subsystem, remotely operated

**Product Name:**

Black-phodphate steel external retaining ring

**Material:**

Steel

**Material:**

Steel

**Surface Treatment:**

Phosphate

**Surface Treatment:**

Phosphate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T252-g
