Flange Diameter:

Between 0.550 inches and 0.560 inches

Overall Length:

Between 0.370 inches and 31.250 inches

Hole Type:

Threaded

Features Provided:

Potting hole and potting slot

Flange Thickness:

0.060 inches

Insert Style:

Protruding flange

Product Name:

Insert molded in blind threaded self locking; non self locking sandwich panel

Special Features:

Solid film lubricant; apply on inside of insert only

Material:

Steel comp 303

Surface Treatment:

Passivate

Thread Size And Series/type Designator:

0.-32unjf-3b unjf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
