Cross Sectional Shape:

Round

Outside Diameter:

0.335 inches

Ring Style:

E

End Application:

4120-01-592-7949

Product Name:

External e-ring; radial retaining ring

Special Features:

Shaft; radial; 0.188 inch diameter; 0.145 ring free diameter; effective retention of assemblies

Specification Or Standard:

0.025 thickness and 0.290 weight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
