Head Diameter:

0.386 inches

Endlength:

1.16 inches

Product Name:

Fastener, positive mechanical lock

Special Features:

100 degrees countersunk head; mat: 8740 alloy steel, 2219-t6 aluminum alloy; 180/200 ksi tensile and 108 ksi min shear strength

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
