Shoulder Diameter:

0.300 inches

Flange Diameter:

Between 0.550 inches and 0.560 inches

Overall Length:

0.544 inches

Hole Type:

Unthreaded-countersunk

Features Provided:

Potting hole

Insert Style:

Protruding flange

Hole Diameter:

0.196 inches

Product Name:

Insert, molded in, csk and through clearance hole, sandwich panel

Material:

Steel comp 303

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
