Inside Diameter:

0.375 inches

Major Thickness:

0.025 inches

End Style:

90 degree parallel

Ring Style:

External

Usage Design:

External

Material Hardness Rating:

Between 47.0 rockwell c and 53.0 rockwell c

Strength Rating:

120000.0 pounds per square inch tensile

Special Features:

Finish black phosphate

Material:

Steel

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
