**Cross Sectional Shape:**

Circular

**Fabrication Method:**

Cellular, unexploded

**Length:**

Between 64.000 inches and 66.000 inches

**Surface Condition:**

Smooth

**Cross Section Outside Diameter:**

0.500 inches

**Environmental Protection:**

Oil resistant and water resistant

**Material:**

Rubber, mil-std-670, grade sce7k2lz

**Material:**

Rubber chloroprene class cr

**Material Specification:**

Mil-std-670, grade sce7k2lz military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A26800

**Mil-std (military Standard):**

Mil-std-670 spec.
