Cross Sectional Shape:

Rectangular metal

Cross-sectional Thickness:

0.035 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 t4 federal specification single material response or qq-a-250/11 t451 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
