Cross Sectional Shape:

D

Cross-sectional Height:

0.120 inches

Center Hole Diameter:

Between 2.546 inches and 2.578 inches

Peripheral Diameter:

3.060 inches

Material:

Rubber butadiene-styrene class sbr

Material Specification:

Gr ro 3, mil-std-670 military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
