Cross Sectional Shape:

Cup

Cross-sectional Height:

Between 0.091 inches and 0.095 inches

Center Hole Diameter:

Between 0.874 inches and 0.875 inches

Peripheral Diameter:

Between 1.360 inches and 1.365 inches

Angle:

85.0 degrees

Material:

Plastic polytetrafluoroethylene

Material Specification:

L-p-402, type 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
