**Cross Sectional Shape:**

Single lip

**Accommodated Shaft Diameter:**

2.660 inches

**Construction:**

Solid

**Material:**

Rubber fluorosilicone class fq sealing element

**Material Specification:**

Ams 3325 assn standard single material response sealing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
