End Application:

1170hp-sw

Component Quantity:

4

Component Document Origin:

Industrial

Document Source:

87200

Document Type:

Engineering drawing

Component Document Page Number:

1

End Item Source:

87200

Document Identification:

N-1052, part no.13, 14, 15, 16

End Item Name:

Relief valve

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23800
