Cross Sectional Shape:

Circular

Fabrication Method:

Braided

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

1000.0 degrees fahrenheit

Length:

1200.000 inches

Cross Section Outside Diameter:

0.375 inches

Lubrication Material:

Graphite

Material:

Asbestos yarn

Material:

Asbestos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
