Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 4.445 inches and 4.505 inches

Peripheral Diameter:

4.895 inches

Special Features:

Cross-sectional shape style: 116 irregular shape from old fiig a03200

Material:

Rubber chloroprene class cr sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
