Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 2.615 inches and 2.635 inches

Material:

Rubber silicone class q

Material Specification:

S2071, fscm 71984 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
