Cross Sectional Shape:

Delta

Cross-sectional Height:

Between 0.109 inches and 0.111 inches

Center Hole Diameter:

Between 0.657 inches and 0.665 inches

Peripheral Diameter:

Between 0.751 inches and 0.755 inches

Angle:

20.0 degrees

Color:

White

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
