**Cross Sectional Shape:**

Rectangular

**Fabrication Method:**

Solid

**Overall Length:**

30.000 inches

**Attachment Method:**

Cemented

**Cross-sectional Height:**

0.125 inches

**Cross-sectional Width:**

0.625 inches

**Construction:**

Solid

**Material:**

Rubber chloroprene class cr

**Material Specification:**

Ams 3198 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
