Seal Width:

0.576 inches

Construction:

Solid

Material:

Rubber butadiene-acrylonitrile class nbr sealing element or rubber polyester urethane class au sealing element or rubber polyether urethane class eu sealing element

Material Specification:

Astm d2000, 5bg715abe3e5f2lk1 assn standard all material responses sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
