Cross Sectional Shape:

Spherical

Cross Section Inside Diameter:

7.500 inches

Cross Section Outside Diameter:

7.625 inches

Cross-sectional Length:

3.875 inches

Material:

Rubber chloroprene class cr

Material Specification:

Ams 3208 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A527p0
