Cross Sectional Shape:
Cup
Cross-sectional Height:
Between 0.091 inches and 0.095 inches
Center Hole Diameter:
Between 0.562 inches and 0.563 inches
Peripheral Diameter:
Between 0.985 inches and 0.990 inches
Angle:
85.0 degrees
Material:
Plastic polytetrafluoroethylene
Material Specification:
L-p-402, type 1 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
