Cross Sectional Shape:

Circular

Fabrication Method:

Braided

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

Not rated

Length:

Any acceptable

Cross Section Outside Diameter:

0.438 inches

Material:

Asbestos

Material:

Asbestos

Specification Or Standard:

1 class and a part

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
