Cross Sectional Shape:

Square

Fabrication Method:

Latticed

Cross-sectional Height:

0.312 inches

Cross-sectional Width:

0.312 inches

Lubrication Material:

Graphite

Material:

Metal foil and lead base, metallic

Specification Or Standard:

1 class and c type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
