Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.229 inches and 0.239 inches

Rim Surface Width:

Between 0.135 inches and 0.145 inches

Center Hole Diameter:

Between 1.360 inches and 1.390 inches

Peripheral Diameter:

Between 1.985 inches and 2.015 inches

Material:

Leather cattlehide

Material Specification:

Kk-I-164, cl 1, tannage 2 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
