Cross Sectional Shape:

Rectangular

Fabrication Method:

Woven

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

Not rated

Cross-sectional Height:

0.750 inches

Cross-sectional Width:

0.062 inches

Friction Treatment Material:

Rubber, synthetic or natural

Specification Or Standard:

li type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
